

[RecyClass](#) is proud to welcome [MORNOS S.A.](#) among the companies with a Recycled Plastics

Traceability Certification! With more than 25 years of experience in packaging design and manufacturing, Mornos S.A has established the right traceability in place to monitor the use of 30% pre-consumer recycled plastics in their

LDPE bags. The RecyClass Recycled Plastics Traceability Certification brings traceability, transparency and trust to the use of recycled plastics! Would you like to certify your use of recycled plastics via an independent audit? Check out RecyClass
